

## **Paul Murray's Pastel Workshop Supplies List 2020**

**Pastels:** Try to bring a selection of approximately 150 to 200 pastel colors. 1/3 should be harder pastels like Holbein, Rembrandt and NuPastel. The remaining should be soft pastels, Schminké, Terry Ludwig, or Great American, etc. If you have a limited number of pastels, we'll work with that as well.

**Surface:** 2 Pastel panels (11" X 14") or 2 pieces of Pastel Paper (11" X 14") like Art Spectrum or any surface you are comfortable with. Workable Mat Fixative. Artisan recommends Spectra Fix Degas Fixative (All Natural Odor Free Fixative). You will need to spray outside with all other chemical fixatives. You may also wish to bring thin rubber gloves and hand wipes. A really good alternative to gloves or finger cots is "Gloves in a Bottle", which works really well. Also, bring paper towels and "wet ones".
